LOW MOOR C. of E. PRIMARY SCHOOL – E-SAFETY POLICY

1. Introduction

- 1.1. Computing in the 21st Century is seen as an essential resource to support learning and teaching, as well as playing an important role in the everyday lives of children, young people and adults. Consequently, schools need to build in the use of these technologies in order to arm our young people with the skills to access life-long learning and employment.
- 1.2. Computing covers a wide range of resources including; web-based and mobile learning. It is also important to recognise the constant and fast paced evolution of computing within our society as a whole. Currently, the internet technologies children and young people are using both inside and outside of the classroom include:
 - Websites
 - Learning Platforms and Virtual Learning Environments
 - Email and Instant Messaging
 - Chat Rooms and Social Networking
 - Blogs and Wikis
 - Podcasting
 - Video Broadcasting
 - Music Downloading
 - Gaming
 - Mobile/ Smart phones with text, video and/or web functionality
 - Other mobile devices, such as tablets, with web functionality and access to pre-installed apps
- 1.3. Whilst exciting and beneficial both in and out of the context of education, much computing, particularly web-based resources, are not consistently policed. All users need to be aware of the range of risks associated with the use of these Internet technologies.
- 1.4. At Low Moor C of E Primary School we understand the responsibility to educate our pupils on eSafety issues; teaching them the appropriate behaviours and critical thinking skills to enable them to remain both safe and legal when using the internet and related technologies, in and beyond the context of the classroom.
- 1.5. Both this policy and the Acceptable Use Agreement (for all staff, governors, visitors and pupils) are inclusive of both fixed and mobile internet; technologies provided by the school (such as PCs, laptops, and iPads, webcams, interactive whiteboards, voting systems, digital video

equipment, etc); and technologies owned by staff, but brought onto school premises (such as laptops and mobile phones).

2. Roles and Responsibilities

- 2.1. As eSafety is an important aspect of strategic leadership within the school, the Head and governors have ultimate responsibility to ensure that the policy and practices are embedded and monitored.
- 2.2. The named eSafety co-ordinator in our school is Martyn Lord who has been designated this role as a member of the senior leadership team.
- 2.3. All members of the school community have been made aware of who holds this post. It is the role of the eSafety co-ordinator to keep abreast of current issues and guidance through organisations such as Bradford Council, DfE, CEOP (Child Exploitation and Online Protection) and Childnet.
- 2.4. Senior Management and Governors are updated by the Head / eSafety co-ordinator and all governors have an understanding of the issues and strategies at our school in relation to local and national guidelines and advice.
- 2.5. This policy, supported by the school's acceptable use agreements for staff, governors, visitors and pupils (appendices), is to protect the interests and safety of the whole school community. It is linked to the following mandatory school policies: child protection, health and safety, home-school agreements, and behaviour/pupil discipline (including the anti-bullying) policy and PSHEe.

3. eSafety skills development for staff

- 3.1. Our staff receive regular information and training on eSafety issues in the form of staff meetings, twilights and written correspondence.
- 3.2. New staff receive information on the school's acceptable use policy as part of their induction.
- 3.3. All staff have been made aware of individual responsibilities relating to the safeguarding of children within the context of eSafety and know to report the misuse of technology by any member of the school community to the eSafety co-ordinator or the Headteacher.
- 3.4. All staff are required to incorporate eSafety activities and awareness within their curriculum areas.

4. Managing the school eSafety messages

- 4.1. We endeavour to embed eSafety messages across the curriculum whenever the internet and/or related technologies are used.
- 4.2. The eSafety policy will be introduced to the pupils at the start of each school year.
- 4.3. All pupils and their parents/carers will be asked sign a Primary Pupil Acceptable Use agreement at the start of each school year.
- 4.4. eSafety rules are displayed next to computers.

5. eSafety in the Curriculum

- 5.1. Computing and online resources are increasingly used across the curriculum. We believe it is essential for eSafety guidance to be given to the pupils on a regular and meaningful basis. eSafety is embedded within our curriculum and we continually look for new opportunities to promote eSafety.
- 5.2. The school provides opportunities within a range of curriculum areas to teach about eSafety.
- 5.3. Educating Key Stage 2 pupils on the dangers of technologies that maybe encountered outside school is done informally when opportunities arise and as part of the eSafety curriculum.
- 5.4. Pupils are aware of where to seek advice or help if they experience problems when using the internet and related technologies; i.e. parent/ carer, teacher/ trusted staff member, or an organisation such as Childline/ CEOP report abuse button.
- 5.5. Pupils are taught to critically evaluate materials and learn good searching skills through cross curricular teacher models and discussions.

6. Cyber bullying

- 6.1. At Low Moor C of E Primary communication technology is an integral part of the school curriculum.
- 6.2. It is therefore important to acknowledge that such technologies can be used for unpleasant or illegal purposes.

- 6.3. The school recognises the existence of cyber bullying and the severity of the issue.
- 6.4. The school's approach to preventing cyber bullying and dealing with any issues that arise are covered in the Cyber Bullying Policy.

7. Use of the Internet to Enhance Learning:

- 7.1. The school internet access is designed for pupil use and includes filtering.
- 7.2. Pupils are taught what internet use is acceptable and what is not.
- 7.3. Internet access will be planned to enrich and extend learning activities.
- 7.4. Staff will preview any recommended sites before use.
- 7.5. Staff will guide pupils in on-line activities that will support learning outcomes planned for the pupils' age and ability.
- 7.6. Pupils will be educated in the effective use of the Internet in research, including the skills of knowledge, location, retrieval and evaluation.

8. Authorised Internet Access

- 8.1. The school maintains a current record of all staff and pupils who are granted Internet access.
- 8.2. All staff must read and sign the 'Acceptable Use Agreement' before using any school ICT resource.
- 8.3. Parents are asked to sign and return a consent form for pupil access.

9. World Wide Web

- 9.1. If staff or pupils discover unsuitable sites, the URL (address), time, content must be reported to the Local Authority helpdesk or the support technician via the Headteacher or eSafety co-ordinator.
- 9.2. School will ensure that the use of Internet derived materials by pupils and staff complies with copyright law.
- 9.3. Pupils should be taught to be critically aware of the materials they are shown and how to validate information before accepting its accuracy.

- 9.4. It is the responsibility of the school, by delegation to the network manager, to ensure that Anti-virus protection is installed and kept up to date on all school machines.

10. Social Networking

- 10.1. The use of public social networking sites (e.g. bebo, myspace, facebook) is not allowed in school.
- 10.2. School will block/filter access to social networking sites and newsgroups unless a specific use is approved.
- 10.3. Pupils will be advised never to give out personal details of any kind which may identify them or their location.
- 10.4. Pupils are taught not to place personal photos on any social network space.

11. Mobile technologies

- 11.1. The school allows staff to bring in personal mobile phones and devices for their own use.
- 11.2. In an emergency situation, staff members are permitted to use their own mobile phones to contact a parent or carer, but must dial 141 in order to conceal their telephone number.
- 11.3. Staff are not permitted to use mobile phones / texts during lesson time and / or during staff meetings.
- 11.4. Pupils are discouraged from bringing mobile phones into school.
- 11.5. Currently a small number of Year 5&6 pupils bring personal mobile devices/phones to school for safety reasons, and these are handed in to the school office for safe keeping.
- 11.6. Smartwatches are not permitted to be worn by children, in school.
- 11.7. The school is not responsible for the loss, damage or theft of any personal mobile device.
- 11.8. The sending of inappropriate text messages between any member of the school community is not allowed.

- 11.9. Children in Years 5&6 are permitted to bring a mobile phone to school if they travel independently. All mobile phones must be handed in to the office for safe keeping and parents and children must sign a mobile phone agreement (appendix A)

12. Managing email

- 12.1. The use of email within most schools is an essential means of communication for both staff and pupils. In the context of school, email should not be considered private.
- 12.2. Educationally, email can offer significant benefits including; direct written contact between schools on different projects, be they staff based or pupil based, within school or international.
- 12.3. We recognise that pupils need to understand how to style an email in relation to their age and good 'etiquette'. In order to achieve Age Related Expectations at the end of Key Stage 2, pupils must have experienced sending and receiving emails.
- 12.4. The school gives all relevant staff their own email account to use for all school business. This is to minimise the risk of receiving unsolicited or malicious emails and avoids the risk of personal profile information being revealed.
- 12.5. It is the responsibility of each account holder to keep their password secure. For the safety and security of users and recipients, all mail is filtered and logged; if necessary email histories can be traced. This should be the account that is used for all school business.
- 12.6. Under no circumstances should staff contact pupils, parents or conduct any school business using personal email addresses.
- 12.7. Pupils may only use approved e-mail accounts on the school system.
- 12.8. Pupils must immediately tell a teacher if they receive offensive e-mail.
- 12.9. Pupils must not reveal personal details of themselves or others in e-mail communication.
- 12.10. Access in school to external personal e-mail accounts may be blocked.

13. Safe Use of Images

- 13.1. With the written consent of parents (on behalf of pupils) and staff, the school permits the appropriate taking of images by staff and pupils with school equipment.
- 13.2. Staff are not permitted to use their own personal mobile phones and cameras, to record images of pupils, this includes when on field trips.
- 13.3. Pupils are not permitted to use their own mobile phones and cameras, to record images of others, this includes when on field trips, unless the trip leader has given permission beforehand.

14. Consent of adults who work at the school

- 14.1. Occasionally, images of staff and governors may be used, for example, on the staff notice board in the entrance to school. Any staff member or governor, who does not wish their image to be used for this purpose, should inform the business manager in writing.

15. Publishing pupil's images and work

- 15.1. On a child's entry to the school, all parents/carers will be asked to give permission to use their child's work/photos in the following ways:
 - general media appearances, eg local/ national media/ press releases sent to the press highlighting an activity (sent using traditional methods or electronically).
 - This consent form is considered valid for the entire period that the child attends this school. Parents/ carers may withdraw permission, in writing, at any time.
 - Published content and the school website and learning platform:
 - Photographs that include pupils will be selected carefully and only displayed with parental consent.
 - Pupils' full names will not be used before log-in on the Web site or Blog, especially in association with photographs.
 - Written permission from parents or carers will be obtained before photographs of pupils are published on the school Web site.

16. Webcams and CCTV

- 16.1. The school uses CCTV for security and safety. Access to CCTV images is restricted to members of the school's Senior Leadership Team. Notification of CCTV use is displayed at the front of the school.

- 16.2. Some webcam sites may contain, or have links to, inappropriate or adult material. Teachers view any webcam sites or listings before allowing pupils to do so.
- 16.3. Pupils are alerted to the danger of using web cams as an extension of a chat room. Although this will be highly unlikely at school, pupils need to know the risks involved when using web cams at home.
- 16.4. Parents are asked to sign and return a consent form for pupil access.

17. Filtering

- 17.1. The school will work in partnership with the Local Authority, Primaryt, DfE and the Internet Service Provider to ensure filtering systems are as effective as possible.

18. Managing Emerging Technologies

- 18.1. Emerging technologies will be examined by the computing co-ordinator for educational benefit and a risk assessment will be carried out before use in school is allowed.

19. Information System Security

- 19.1. School computing systems capacity and security will be reviewed regularly.
- 19.2. Virus protection will be installed and updated regularly.
- 19.3. Security strategies will be discussed with the Local Authority and Primaryt.

20. Protecting Personal Data

- 20.1. Personal data will be recorded, processed, transferred and made available according to the Data Protection Act 1998.

21. Assessing Risks

- 21.1. The school will take all reasonable precautions to prevent access to inappropriate material. However, due to the international scale and linked Internet content, it is not possible to guarantee that unsuitable material will never appear on a school computer.
- 21.2. The school will audit ICT use to establish if the eSafety policy is adequate and that the implementation of the eSafety policy is appropriate.

22. Equal Opportunities

- 22.1. The school endeavours to create a consistent message with parents for all pupils and this in turn should aid establishment and future development of the schools' eSafety rules.
- 22.2. However, staff are aware that some pupils may require additional teaching including reminders, prompts and further explanation to reinforce their existing knowledge and understanding of eSafety issues.
- 22.3. Where a pupil has poor social understanding, careful consideration is given to group interactions when raising awareness of eSafety. Internet activities are planned and well managed for these children and young people.

23. Parental Involvement

- 23.1. We believe that it is essential for parents and carers to be fully involved with promoting eSafety both in and outside of school.
- 23.2. Parents and carers and pupils are actively encouraged to contribute to adjustments or reviews of the school eSafety policy via eSafety training, governor meetings, parents questionnaire
- 23.3. Parents and carers are asked to read through and sign acceptable use agreements on behalf of their child.
- 23.4. Parents and carers are required to make a decision as to whether they consent to images of their child being taken/ used in the public domain (e.g., on school website)

24. Handling E-Safety Complaints

- 24.1. Complaints of Internet misuse will be dealt with by the eSafety co-ordinator or Headteacher and recorded in the Incident Log (appendices).
- 24.2. Any complaint about staff misuse must be referred to the Headteacher.
- 24.3. Complaints of a child protection nature must be reported to the Designated Safeguarding Lead or a Deputy D.S.L.
- 24.4. Pupils and parents will be informed of the complaints procedure.
- 24.5. Pupils are encouraged to inform their teacher or other adults in school regarding anything which makes them feel uncomfortable while using ICT.

25. Communication of Policy

25.1. Pupils

- Rules for Internet access will be posted in all networked rooms.
- Pupils will be informed that Internet use will be monitored.

25.2. Staff

- All staff will be given the School eSafety Policy and its importance explained.
- Staff should be aware that Internet traffic can be monitored and traced to the individual user. Discretion and professional conduct is essential.

25.3. Parents

- Parents' attention will be drawn to the School eSafety Policy in newsletters, the school prospectus and on the school website.

26. Links to Other Policies

- Health and Safety Policy
- Child Protection and Safeguarding Policy
- Cyber Bullying Policy
- Behaviour & Discipline Policy
- Acceptable Use Policy
- Anti-Bullying Policy
- P.S.H.E.e. Policy

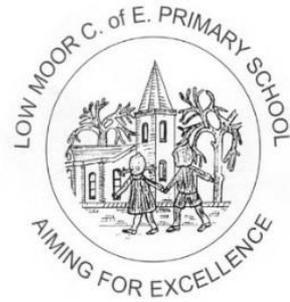

27. Review Procedure

- 27.1. There will be an on-going opportunity for staff to discuss with the eSafety coordinator any issue of eSafety that concerns them.
- 27.2. This policy will be reviewed annually and consideration given to the implications for future whole school development planning.
- 27.3. The policy will be amended if new technologies are adopted or Central Government change the orders or guidance in any way.

Primary Pupil Acceptable Use Agreement / eSafety Rules

- ✓ I will only use ICT in school for school purposes.
- ✓ I will only use my class email address or my own school email address when emailing.
- ✓ I will only open email attachments from people I know, or who my teacher has approved.
- ✓ I will not tell other people my ICT passwords.
- ✓ I will only open/delete my own files.
- ✓ I will make sure that all ICT contact with other children and adults is responsible, polite and sensible.
- ✓ I will not deliberately look for, save or send anything that could be unpleasant or nasty. If I accidentally find anything like this I will tell my teacher immediately.
- ✓ I will not give out my own details such as my name, phone number or home address. I will not arrange to meet someone unless this is part of a school project approved by my teacher and a responsible adult comes with me.
- ✓ I will be responsible for my behaviour when using ICT because I know that these rules are to keep me safe.
- ✓ I know that my use of ICT can be checked and that my parent/ carer contacted if a member of school staff is concerned about my eSafety.
